Volga Cabbage.

VOLGA CABBAGE.

This variety was brought from Russia a few years ago, and came to the notice of Mr. C. L. Allen, a cabbage seed grower of Long Island. Mr. Allen is most enthusiastic in its praise, claiming it the very best quick and sure heading sort for late winter or shipping use. It is a nearly round head, somewhat resembling Danish Ball Head but flatter, averaging under good culture 10 to 12 lbs. per head. It

will make a very hard head with few outer leaves, and the strong point in its favor is that it is a sure header and will head almost as quick as Jersey Wakefield. We recommend it for fall or winter use highly, and it would seem as if this would fill a long felt need for a reliable heading late sort. Pkt., 10c.; oz., 35c., $\frac{1}{4}$ lb., \$1.25; lb., \$4.00.

THE NEW BACTERIA FERTILIZER NITRO-CULTURE RESULTS GUARANTEED OR MONEY REFUNDED.

Nitro-culture is a germ, sold in dry packages like a yeast cake. Dissolve in water as per directions which come with each package.

When seeds are sprinkled with the solution before planting, the germs multiply in the soil very rapidly, and cause nodules to form on the roots of plants. These nodules collect the nitrogen out of the air, and feed the plant roots.

Nitrogen is plant food, and therefore a tremendous increase in crop is bound to come.

WHAT IS CLAIMED FOR NITRO-CULTURE.

On poor or sandy soil, any leguminous (f. e., pod bearing) crop, such as clover, alfalfa, beans, peas, vetch, peanuts, etc., can, provided good seed is used, be more than doubled the first year, by merely moistening the seed with a solution of Nitro-Culture bacteria and allowing it to dry on the seeds before planting. Perhaps the greatest benefit may be derived the second year when any crop, such as wheat, corn, cotton, potatoes, etc., may be planted without fertilizer, and they will yield double what would otherwise be taken from the same land. Many persons claim that in money value this would be equal to \$20.00 per acre, or that a like amount would have to be expended on phosphates capable of producing equal results. ***Can you afford to overlook this cheap but effective method which nature has provided for the enrichment of the soil?***

When ordering, state what particular crop you desire to inoculate. Crops mentioned on the same line, require the same Bacteria.

***Alfalfa or Lucerne.
Red, Yellow or Mammoth Clover.
Alsike or White Clover.
Crimson Clover.***

***Cow, Clay, Whip-O'-Will, Black Eye Peas.
Garden Peas, Field Peas.
Garden Beans (Wax, String, Lima, Pea.)
Field Peas.***

PRICE LIST.

<i>Trial Package</i>	<i>\$.45</i>
<i>1-Acre Package</i>	<i>1.40</i>
<i>5-Acre Package</i>	<i>4.50</i>

SPECIAL GARDEN PACKAGES.

<i>Sweet Peas</i>	<i>\$.25</i>
<i>Garden Beans</i>	<i>.25</i>
<i>Garden Peas</i>	<i>.25</i>

NITRO-CULTURE cannot be furnished for any crops like corn, wheat, potatoes, cotton, etc., but only those which are mentioned on the above price-list. Inoculated clover may be planted with oats or other crops; and we have reason to believe that they will be benefited.

S. D. WOODRUFF & SONS,

ORANGE,
CONN.

82 & 84 DEY ST.,

New York City.

Please order from nearest point either New York or Orange.

TO OUR CUSTOMERS

In placing before you this little book which we trust will impress you as containing **PLAIN FACTS ABOUT PURE SEEDS**, we desire to thank you first of all for the patronage you have given us in the past, particularly during the past season which was as you perhaps already know the banner year for Woodruff's Seeds. We assure you we have tried to arrange to handle your orders during the coming season more promptly than ever before and to that end we have decided to keep our **NEW YORK STORE OPEN ALL THE YEAR ROUND**. Those of our customers who can do so are cordially invited to call there whenever in New York. They will always find us glad to see them and willing to do anything in our power to help them.

So great has been the demand for our seeds on Long Island, "The Garden Spot of the World," that we have leased and opened Dec. 1, a large sales warehouse at Queens, L. I. We have enlarged our buildings at Orange, Ct., and have erected and filled with choice seed potatoes two more large storehouses in Aroostook County, Maine. (We now have six there.)

Our Seed Potatoes **ARE ALL GROWN** in Maine under the personal supervision of our **EXPERT SALARIED** managers, and have a national reputation for purity and big yield. Potatoes grown in this manner necessarily cost more than ordinary market stock, but the fact that we have among our customers brother seedmen and dealers who buy one to five carloads each is sufficient evidence of our superior quality seed.

We are lifelong seed growers. Our seed farms at Orange, Ct., where the members of our firm live are open to the inspection of our customers and friends. You are always welcome to visit us either at our New York Store, 82 and 84 Dey Street, N. Y., or at our farms at Orange, New Haven County, Conn.

HOW TO SEND MONEY.

We will receive postage stamps, if received in good condition, same as cash. Remit by P. O. or **Express Money Order or Registered Letter**.

POSTAGE.

Seeds will be mailed postpaid in quantities of 1-4 lb. and less. Quantities of 1-2 lb. and over will require postage at the rate of 8 cents per lb. in addition to catalogue prices. Peas and beans require 15 cents per quart, and corn 10 cents per quart in addition to catalogue prices.

WE PAY THE FREIGHT.

On orders to the amount of \$7.00 or over, at catalogue prices, where cash accompanies orders, we will deliver goods to your nearest station, charges prepaid. Excepting we cannot pay freight on potatoes or onion sets.

DISCOUNTS.

Market gardeners who purchase ten, twenty or more dollars' worth of seeds naturally expect a lower price than those who purchase but a small amount, and we will make the following discounts from catalogue prices, where cash accompanies order; on seeds in packets and by the ounce, we will mail, postpaid, for one dollar, seeds to the amount of one dollar and twenty-five cents. On orders amounting to ten dollars and upwards, deduct 5 per cent., where cash is sent with order, except on potatoes, onion sets and grass seeds.

S. D. WOODRUFF & SONS,

Orange, Conn., 82 and 84 Dey St., New York.

LIMA BEANS.

Dreer's Improved Pole or Challenger Lima.

We are headquarters for Lima Beans and can supply in any quantity up to hundreds of bushels of a variety. Woodruff's Lima Beans always grow and are true to name. The Potato or thick round fat seeded varieties, both Pole and Bush, are rapidly taking the front as profitable sorts. We call particular attention to our very superior stocks of Lima Beans. Some of our new customers last year thought our prices on Lima Beans were too low for choice samples. We wish to assure all that our stocks are not only "just as good" but better than many stocks on the market. Crop of Lima Bean seed extra fine last year and seed better than ever.

Burpee's Bush Lima.

Note our very low prices and in comparing prices note discounts on page 1.

Fifty pound lots of one or assorted varieties @ 5c. per lb. less than above prices.

Your seeds have always been very good. Every seed seems to grow and produce good crops, particularly parsnip, onion, turnip and beet.

Echo Lake Farm, Interlaken, Mass.

Golden Tankard Mangel Wurzel.

SUGAR BEETS AND MANGEL WURZEL.

(Add 8 cents per lb. if sent by mail.)

We offer following standard sorts of Mangel Wurzel seeds, all pure and true to name, at a uniform price as follows: per oz., 5c.; per lb., 30c.; 5 lb. lots, 25c.; 20 lbs. or over, 20c.

Mammoth Long Red,

Norbitan Giant,

Yellow Globe,

Golden Tankard,

Gate Post,

Giant Yellow Intermediate,

White French Sugar,

Lane's Imperial White Sugar.

The seeds that I have had from your firm have been perfectly satisfactory, true to name, and sure to grow.

H. A. Felton, Orange, Mass.

THE CABBAGE.

With the exception of Danish Ball Head and Early Winningstadt *all* our Cabbage seed is Long Island grown, and from the choicest strains. Such seeds cost 2 or 3 times as much to produce as the imported seed, but our former customers keenly appreciate our high-grade cabbage seed.

Rollin, Mich.,

May 1, 1905.

Enclosed find M O. for \$1.54 for 1/2 lb. Danish Ball Head cabbage seed. Last year I ordered of another firm and got a mixed lot of seed which lost me money; am trying several firms this year. Shall tie to the best.

J. M. B.

Large, or Charleston Wakefield.

Rollin, Mich., Nov. 10, 1905.

Your Danish Ball Head cabbage seed was the best that I purchased this year.

J. M. B.

Above testimonial meant something to that planter of cabbage seed.

Pkts of each sort, 5c.; 10 pkts. for 40c., postpaid.

Tomato, Cauliflower, Pepper, Celery, Egg Plant and Lettuce plants in their season. Write for prices.

BRUSSEL SPROUTS.

Sow the same as cabbage through May and transplant in July. **Improved Dwarf.** Price per pkt., 5c; oz., 15c.

CARROTS.

Flushing, L. I.,

Dec. 16.

S. D. Woodruff & Sons,

Gentlemen:—I wish you to book me for thirty pounds of your Half Long Danvers Carrots, same as I had last year. I bought of three other leading seedsmen last year but your seed grew the best crop of carrots. All the different lots of seed were sowed side by side, and given equal chance, but in every case your seed grew the finest crop.

Very truly yours,

H. D. Lott.

Chantenay, One of best for Bunching.

What Mr. Lott says of our carrot seed is only a sample of the many testimonials we receive from our carrot seed customers. If you are looking for cheap seeds you certainly will not come to us, but if you want the very best that money can buy we can supply you with the true stock,

VARIETIES OF CARROTS.

Each per pkt., 5c; oz., 10c; ¼ lb., 20c.

Rubicon Half Long Carrot. This is becoming a popular half long sort. It is very fixed in shape and a great cropper, excellent also for bunching. Lb., 80c.

Improved Long Orange.

Early Short Horn or Scarlet Horn. Price per lb., 80c.

Chantenay Half Long Scarlet. Lb., 70c.

Saint Vallery or Intermediate Red. Popular trucker's sort. Lb., 70c.

Half Long Scarlet Nantes. Stump rooted. Lb., 70c.

Oxheart or Guerande. Great yielder, short and thick. Lb., 75c.

Danver's Improved, Lb., 70c.

Improved Long Orange. Lb., 70c.

Danver's Improved (Select strain.)

I will say here your seed have given entire satisfaction and I shall order more of you next spring.

F. H. Bishop, Andover, Mass.
Geo. E. Geer, Jewett City, Conn.

CAULIFLOWER.

Our Cauliflower is all grown in Denmark and is *proven seed*, that is one year old and that has been tested and has produced a good crop.

Our stock of Early Snowball Cauliflower is one of the finest ever put out, equal in every way to the originator's stock.

Henderson's Early Snowball. Very largely grown for an early crop. It is dwarf and a sure header; heads are large, white and solid. Pure stock Pkt., 15c.; oz., \$2.50; lb., \$28.00.

Extra Early Dwarf Erfurt. One of the earliest varieties. Pkt., 15c.; oz., \$2.50; lb., \$20.00.
LeNormand's Short Stem Mammoth. A large stumped variety, and a standard for general cultivation. Pkt., 10c.; oz., 60c.; lb., \$7.00.

Veitch's Autumn Giant. Standard sure heading sort. Price per pkt., 10c.; oz., 60c.; lb., \$7.00.

John L. Moore, Lowell, Mass., writes under date of Nov. 15, 1904, I recommend your Snowball Cauliflower above any I have ever used, and I have tried seed from all the best seed men.

This means something as Mr. Moore is a very careful and experienced grower whose market that of Boston is most critical.

CELERY.

White Plume.

Golden Self-Blanching.

Our strains of White Plume and Golden Self-Blanching Celery are the finest we have seen and we have tried a large number of strains. These items make many friends for us each season. Seed of these varieties is *proven stock*.

Don't fail to try Woodruff's Golden Celery, the finest all round green variety. We have never been able to offer this sort before owing to our being able to obtain supply of seed. (See next page.)

*Celery—continued.***PARIS GOLDEN OR GOLDEN SELF-BLANCHING CELERY.**

Most important and largely used is this sort on account of its fine quality, golden yellow foliage and readiness in bleaching. No one item except Cauliflower and Cabbage depends so vitally on the seed. Our seed of this sort is French grown only and *proven seed*. Seed grown elsewhere can be purchased at less than one-third the price. Insist on the French grown article of this variety wherever you purchase. Vitality of our seed is good this year, and we hope we have ample supply for our largely growing trade. Pkt., 10c.; oz., 50c.; $\frac{1}{4}$ lb., \$1.25; lb., \$4.50; five lbs. at \$4.00 lb.

Woodruff's Beauty. A brand new green Celery of the finest quality. We secured this sort three years ago from the most critical celery grower near New York, and the limited quantity of seed we have been able to produce has made us many good friends. For a medium size solid easily bleached sort for main crop of finest tender quality and flavor it is unsurpassed. Pkt., 10c.; oz., 40c.; $\frac{1}{4}$ lb., \$1.25; lb., \$3.50.

Our stocks of the following standard sorts of celery are strictly pure and true to name.

Liberal pkts. of each, 5c.; 10 pkts. for 40c., postpaid.

	Per oz.	Per $\frac{1}{4}$ lb.	Per lb.
Dwarf Golden Heart. Standard popular sort.....	\$.25	\$.50	\$1.65

SWEET CORN.

Country Gentleman.

“The corn that made Orange famous”
(because it originated with us.)

Sweet Corn Seed on earth, and we know we can protect our reputation this year for our Sweet Corn seed is better than ever. We have lots of it and at low prices. We supply choice selected ears when ordered. (They cost a trifle more but are better.) We reserve the right to ship shelled corn in place of ears when our ear corn has all been shelled. Try us on Corn seed, *we know* we can please you. We can supply you a pint or a carload.

Long Island Beauty. We put out this new main crop sort last season with more complimentary results than any one novelty last season. It is a large eared medium to late sort, ears about size of late Mammoth, of the finest quality. It remains in edible state longer than any variety we have ever seen. Pkt., 10c.; qt., 20c.; pk., \$1.00; bu., \$3.50; per 100 selected ears, \$3.50.

Country Gentleman. This well known superior sort needs no description. Originated by us in 1892, it has become a standard for quality and productiveness. Our constant selection makes our stock unsurpassed. Pkt., 10c.; qt., 20c.; pk., 90c.; bu., \$3.00; per 100 selected ears, \$2.75.

Real merit wins.

We pity a man without a country.

We pity a man without pride.

We have both.

We are proud that it fell to our lot to put out Country Gentleman and Long Island Beauty Corn and Ensign Bagley Potatoes in the best country the sun shines on.

Any novelty of “real merit” helps the buyer and the seller alike. Helps the buyer in profits and the seller in both reputation and profits.

We believe we have the reputation of sending out the best

Remember we carry complete stocks of seeds, seed potatoes, onion sets, etc., at our New York City store as well as Orange, Ct. Call at 82 Day Street, New York, and you will get prompt and courteous treatment.

Corn—continued.*Long Island Beauty.**The sweetest large eared, most salable main crop sort.*

Golden Bantam. A very hardy extra early sort, very sweet. Per doz. ears, 35c.; qt., 20c.; pk., \$1.00; bu., \$3.50.

Early Sheffield. A cross between Extra Early Adams and Early Cory. Very hardy and early. Prices same as for Golden Bantam.

Space prevents our describing in detail all the following sorts, all of which can be depended on as pure and true and strong vitality.

(Add 10 cts. per qt. if sent by mail.)

All sorts 5c. pkt.; 10c. pt.; 15c. qt.; 80c. peck.

	Per 100 selected ears	Per bu.
Early Premo. A fine white extra early.....	\$2.75	\$3.00
Moonarchie. A variety popular in New Jersey.....	3.00	3.00
Large Early Adams or Burlington.....	2.00	2.50

For planting for ensilage or fodder the Hickox, Stowell's Evergreen and Mammoth are the sorts most desirable. We would advise our friends to buy those of first quality. Write for prices on large lots, 5 bu. or more, either of these sorts at \$2.50 per bu.

Metropolitan Sweet Corn seed purchased from you was number one. every seed grew.

IRVING R. GRAVES, Northampton, Mass.

The seeds I have purchased from you this season have given entire satisfaction. In fact are the best I ever bought, and I have bought from the best firms for several years.

P. F. STILLINGS, London, Ky.

**Our Shipping Facilities both from Orange and New York City are unsurpassed.
Better equipped than ever to make Prompt Deliveries.**

*Corn—continued.***Woodruff's Field and Ensilage Corns.***Price on Field Corns are not subject to discount, neither can we pay freight.**Improved Leaming.*

The quality of our field corns is extra nice this season. We are prepared to supply 50 to 100 bu. of a variety at closest possible prices.

Early Eight-Rowed Yellow Canada, (very early yellow flint). Per 100 selected ears, \$1.25; qt., 10c.; pk., 50c.; bu., \$1.40.

Longfellow. Standard large yielding yellow flint. Per 100 selected ears, \$1.50; qt., 10c.; pk., 50c.; bu., \$1.40.

Sanford. Standard large yielding white flint. Per 100 selected ears, \$1.50; qt., 10c.; pk., 40c.; bu., \$1.35.

Pride of the North (early, small cob, yellow dent). Per 100 selected ears, \$1.50; qt., 10c.; pk., 50c.; bu., \$1.40.

Early Mastodon. Standard ensilage and main crop, yellow dent. Per 100 selected ears, \$1.50; qt., 10c.; pk., 50c.; bu., \$1.30.

Improved Leaming. Deep kernel, great yielder, yellow dent. Per 100 selected ears, \$1.50; qt., 10c.; pk., 50c.; bu., \$1.30.

We can supply all other standard sorts field corns at 50c. per pk.; \$1.40 per bu.; or 5 bu. or over at \$1.25 per bu.

We will sell 5 bushel lots or over of the above varieties, either one or assorted, at \$1.25 per bushel, F. O. B. here; 2 bushel bags, 15c. each extra.

White Southern Ensilage or Sheep Tooth. Qt., 10c.; peck, 25c.; bu., \$1.15; 5 bu. lots at \$1.00 per bushel.

Red Cob Ensilage. The standard Silo Corn. Peck, 35c.; bu., \$1.15; 5 bu. lots at \$1.00; 25 bu. or over at 90c. per bu. net cash F. O. B. here; bags 15c. each.

*Longfellow (yellow flint).***SWEET FODDER CORN.**

We can offer a choice lot of Sweet Corn, all large growing varieties, and those who buy a quantity for ensilage generally prefer the Sweet Corn to a field variety. Price per bu., \$1.25; 5 bu. or more at \$1.15 per bu. You will find this a nice sample and the price is very low.

WHITE RICE POP CORN.

The best sort for popping. Pt., 10c.; qt., 15c.; pk., 70c.; per lb. on ear, 5c.

Bear in mind that we are extensive dealers in Corn of all kinds and will be glad to quote special prices on large lots.

✓ CUCUMBERS.

We are pleased to report that a very agreeable change in weather conditions the past year has resulted in excellent crops of cucumber seed and we are enabled to quote normal prices. Stocks are very fine and we have ample quantities for all demands.

✓ **Peerless or Long White Spine**. We have an unsurpassed strain of Peerless White Spine. Pkt, 5c.; oz., 10c.; $\frac{1}{4}$ lb., 20c.; lb., 65c.

✓ **Cumberland Cucumber**. One of the best pickling varieties known; very thickly set with fine spines, straight and symmetrical; a fine slicing sort, also very sherry seeder. Pkt., 5c.; oz., 10c.; $\frac{1}{4}$ lb., 25c.; lb., 70c.

*Peerless or Long White Spine.*

Note our low prices for Seed Oats, Page 28. Quality never better than this year. Oats are extra heavy and fine.

✓ **Cucumbers—continued.**

Liberal pkts. of all varieties, 5c. each; 10 pkts., 40c., postpaid.

Per oz., 10c.; 10 oz. pkts. for 75c., postpaid, either of one or assorted varieties.

CORN SALAD.

Large Seeded. Large leaved, the best variety. Price per pkt., 5c.; oz., 10c.; lb., 60c.

CRESS OR PEPPERGRASS.

Price per pkt., 5c.; oz., 10c.; $\frac{1}{4}$ lb., 15c.; lb., 40c.

DANDELION.

The Dandelion resembles Endive, and affords one of the earliest as well as one of the best and most healthy Spring greens.

Improved Large Leaf. Price per pkt., 10c.; oz., 35c.; $\frac{1}{4}$ lb., \$1.25; lb., \$4.00.

Common Cultivated. Pkt., 5c.; oz., 20c.; $\frac{1}{4}$ lb., 75c.; lb., \$2.50.

EGG PLANT.

New York Improved Large Purple Spineless. The leading market variety, of large size, skin deep purple, smooth, free of thorns, flesh white, of excellent quality, very productive. Price per pkt., 5c.; oz., 40c.; $\frac{1}{4}$ lb., \$1.25; lb., \$4.00.

Black Beauty. Earliest and best large fruited sort. Pkt., 5c.; oz., 45c.; $\frac{1}{4}$ lb., \$1.25; lb., \$4.00.

ENDIVE (Escarolle.)

Large Green Curled. A hardy variety, easily blanched. Price per pkt., 5c.; oz., 10c.; $\frac{1}{4}$ lb., 30c.; lb., \$1.00.

Broad Leaved Batavian. Large leaves, long and broad. Price per pkt., 5c.; oz., 15c.; $\frac{1}{4}$ lb., 30c.; lb., \$1.00.

Giant Fringed or Oyster. Pkt., 5c.; oz., 15c.; $\frac{1}{4}$ lb., 30c.; lb., \$1.00.

KALE OR BORECOLE.

Dwarf Green Curled Scotch. A very hardy variety. Sow early in June and transplant like cabbage in July. Price per pkt., 5c.; oz., 10c.; $\frac{1}{4}$ lb., 30c.; lb., \$1.00.

Dwarf German Sprouts or Improved Early Dwarf Siberian Kale. A very heavy cropper, and a great favorite in this locality.

New York Improved Egg Plant—Spineless.

Sow in August in rows 15 inches apart and harvest next April or May. Price per pkt., 5c.; oz., 10c.; $\frac{1}{4}$ lb., 15c.; lb., 50c.

I have used your seeds for past six years. I consider them first class and true to name. W. J. M., Pittstown, N. Y.

KOHL KABI OR TURNIP CABBAGE.

(Add 8 cents per lb. if sent by mail.)

Improved Dwarf Siberian Kale.

Early White Vienna. Flesh white and tender; in best condition for table use when about three or four inches in diameter. Price per pkt., 5c.; oz., 15c.; $\frac{1}{4}$ lb., 55c.; lb., \$2.00.

Early Purple Vienna. An excellent sort, largely grown for table use. Price per pkt., 5c.; oz., 15c.; $\frac{1}{4}$ lb., 50c.; lb., \$1.75.

GOURDS.

Gourds.

Price of each 5c., pkt.; 25c., oz.
Nest Egg. A capital nest egg.
Sugar Trough. Valuable when dried for buckets, cans, etc.
Dipper. Its name indicates its use.
Apple-Shaped.
Pear-Shaped.

LEEK.

American Flag. A large standard variety.
 Price per pkt., 5c.; oz., 15c.; $\frac{1}{4}$ lb., 40c.; lb., \$1.00.

Large Musselburg or Carentan. The largest in cultivation. Price per pkt., 5c.; oz., 15c.; $\frac{1}{4}$ lb., 50c.; lb., \$1.50.

LETTUCE.

Culture. Lettuce, the most useful of all salads, is easy of culture, being free from all diseases and insects. It requires rich, moist soil, clean cultivation and plenty of water. This will give the quick growth on which depends its appearance, tenderness and flavor. For early Spring use, sow in a seed bed in September or October, and protect through the Winter with cold frames. (*Add 8 cents per lb. if sent by mail.*)

Big Boston.

Salamander.

Pkts. each sort, 5c.; oz., 15c.; $\frac{1}{4}$ lb., 40c.

Big Boston. Uniformly large heading sort. Per lb., \$1.00.

Early Curled Simpson. Curled, loose head. Per lb., \$1.00.

Black Seeded Simpson. Per lb., \$1.00.

Early Curled Silesian. Per lb., \$1.00.

Unrivalled. Large head; green without, white within. Per lb., \$1.00.

Boston Market or White Seeded Tennis Ball. The standard forcing early variety

Black Seeded Tennis Ball.

Deacon. Forms compact, solid heads.

Hanson. Heads large, green outside, white within. Our stock is very fine.

New York Cabbage or Wonderful.

Large head, very crisp

Salamander. Probably the best compact head for outdoor use. Will withstand Summer heat without running to seed

WATERMELON.

(Add 8 cents per lb. if sent by mail.)

Liberal packets each sort, 5c.; oz., 10c.

The Dixie.

The Dixie. This sort continues to prove a winner, and in this climate gives uniformly satisfactory crops. Per ¼ lb., 20c.; lb., 75c.

Hungarian Honey. Nearly globular, very early; rather small, luscious and sweet; good for family use. Per ¼ lb., 20c.; lb., 75c.

Kleckley Sweets. A new oblong melon, one of the sweetest in existence; bright red flesh, white seeded. Per ¼ lb., 30c.; lb., 75c.

Eden Gem. A new melon, cross between Kolb Gem and Rattlesnake; a great shipper and exceedingly sweet. So great is the demand for this melon in the south, particularly in North and South Carolina, that it has taken the lead over all others as a money maker. Per ¼ lb., 25c.; lb., 90c.; 5 lbs. and over at 75c. lb.

When you purchase your seed of the grower you know who to blame if they are not satisfactory. Give us a trial.

MUSTARD.

White London. Price per oz., 5c.; ¼ lb., 15c.; lb., 35c.

NASTURTIUM OR INDIAN CRESS.

Dwarf Mixed. Price per pkt., 5c.; oz., 10c.; ¼ lb., 30c.; lb., 90c.

Tall Mixed. An ornamental climber. Price per pkt., 5c.; oz., 10c.; ¼ lb., 30c.; lb., 80c.

OKRA OR GUMBO.

A vegetable in high esteem for soups or stews. Per pkt., 5c.; oz., 10c.; ¼ lb., 15c.; lb., 40c.

White Velvet. Pods round, smooth and free from seams.

Dwarf Green. Very dwarf and prolific.

ONIONS.

Your onion seed was all right,
and best I have ever used.

F. B. Estabrook,
East Northfield, Mass.

Southport Red Globe.

I am well satisfied with the onion seed I
bought of you.

Geo. Geer, Baltic, Conn.

Franklin Co., Mass., Dec. 4, 1904.

Our dealings with your firm have been very
satisfactory. Consider your seeds are reliable
as any in the market and shall continue to use
them.

W. L. Hubbard.

Noble Co., Indiana, Sept. 2, 1905

Yours of Aug. 31st received and noted. Your terms are quite satisfactory and we accept them.
Book order for 1000 lbs. onion seed now and we shall probably wish to increase this order later. The
finest onions in this locality were grown from your seed this season; all three varieties, Red, White and
Yellow Globes.

G.

**Onion growers will do well to buy their seed direct from the growers of the seed. Our seed is all thoroughly
tested and will please you as it does hundreds of other critical growers in the country.**

PEDIGREE ONION SEED.

We use the term PEDIGREE for we believe our seed has gained a pedigree among the largest onion raisers in the east. Critical growers are realizing more and more the error made in buying onion seed because it is CHEAP. Our prices will not and cannot appeal to planters who want CHEAP seed, but the fact of our having orders at this date, Dec. 1, 1905, booked for thousands of pounds of seed for 1906 planting, orders received many of them unsolicited, speaks in no uncertain terms of the quality of the seed we supply the most critical growers of onions.

We feel justified in claiming for our seed all that can be said about any seed, viz., that it is as GOOD AS CAN POSSIBLY BE PRODUCED. Now the reasons for this claim are these; we grow our onion seed from selected bulbs on our own seed farms. We carefully harvest and cure the seed. We offer it to you direct. The price is as low as we can produce the very best seed. ONCE A TRIAL ORDER ALWAYS A CUSTOMER has always been our motto regarding onion seed.

CAUTION FOR 1906.

The supply of strictly Pedigree stocks of onion seed this year is less we confidently believe than it has been for 14 years since the memorable short crop of 1892. This is especially true of the Southport Globes, Red, White and Yellow and Yellow Globe Danvers varieties. Satisfactory strains of these sorts cannot be sold at anything like the low prices of last year. Beware of cheap prices on onion seed for 1906 sowing.

Cheshire, Mass., Feb. 7.

DEAR SIRs:—Last year I sowed your Yellow Globe Danvers Onion seed by the side of seed I bought of a reliable dealer near home. Plants from your seed took the lead, held it all summer, and at harvest time produced more than double the amount of fine onions which the other produced.

M. E. PHELPS.

SOUTHPORT GLOBE ONIONS.

This is the home of the Southport Globe Onions, Red, White and Yellow. Our stocks are simply perfect. The Red, a very dark blood red, no pale red onions in our stock; the White, a pure snow white, and the yellow, a deep orange yellow. Supply of seed very limited.

	oz.	$\frac{3}{4}$ lb.	1 lb
<i>Southport Yellow Globe</i>	\$.20	\$.60	\$1.90
<i>Southport Red Globe</i>20	.50	1.75
<i>Southport White Globe</i>25	.75	2.50

Packets of all sorts, 5c. each.

We offer all of the following sorts of well-known onions, and our stocks of each are the very best obtainable.

	oz.	$\frac{3}{4}$ lb.	1 lb.	5 lbs. or over
<i>Extra Early Red Flat.</i> Extra early dark red flat.....	\$.15	\$.40	\$1.20	\$1.10
<i>Early Yellow Cracker.</i> Extra early flat, bright yellow.....	.15	.40	1.50	1.40

<i>Extra Early Globe, Australian Globe or Golden Globe</i>15	.40	1.40	1.30
<i>Yellow Globe Danvers.</i> Prices for 1906. Per pkt., 5c.; oz., 15c.; $\frac{1}{4}$ lb., 50c; lb., \$1.70; 20 lbs. and over at \$1.55 per lb.; 50 lbs. and over at \$1.50 per lb.				

Do not be tempted to buy onion seed of uncertain quality because it is a few cents less per lb. in price.

Remember where cash accompanies order we pay freight charges on orders of \$7.00 and over.

WE GROW ONION SEED BY THE TON

WE GROW ON OUR OWN SEED FARMS HERE AT ORANGE, CONN., thousands of pounds, YES, several tons of onion seed annually. We do not claim to grow all of the onion seed we sell, for some varieties are grown in other sections of the world better adapted for their particular types; but growing as we do a very large part of our seed, we have a right to claim that is superior to much of the "cheap" seed on the market.

ONION SEED FOR GROWING ONION SETS.

The following sorts of onions are used for producing onion sets, and we quote special low prices for these in lots of not less than 50 lbs. of a variety, net cash.

Extra Early Red Flat and Red Wethersfield @ 90c. lb.

Yellow Flat Danvers and Yellow Strasburg @ 70c. lb.

White Silverskin, White Portugal and White Queen @ \$1.10 lb.

SOUTHPORT WHITE GLOBE.

True seed of this onion can only be produced from carefully selected bulbs. Seed from such bulbs is not plentiful this year, but our customers will, if they order early while our stock lasts, obtain seed from pure white globe-shaped onions. We challenge comparison with any one on our seed of this variety. Price per pkt., 5c.; oz., 25c.; $\frac{1}{4}$ lb., 75c.; lb., \$2.50.

One of the expert onion growers in the Southport, Conn., section, wrote under date of Sept. 25, the following:

"The Southport White Globe Onion seed I purchased of you last spring proved satisfactory in every respect. The onions grown from it are as good shape as those grown from my own seed, and the vitality of your seed was much better than my own seed."

We could print numerous other testimonials regarding our Southport Red Globe and Southport Yellow Globe varieties. Some of the finest crops in the United States grow from our seed.

Our prices are low considering quality of our seed. Give us a trial; we can serve you whether you use 1 oz. or 500 pounds. We have many planters among our customers who purchase annually from 50 to 200 pounds each.

Our trade on onion seed among the planters of America has increased over 50 per cent. each year for the past four years. The only reason we know for the increase is the fact that our seed has given universal satisfaction and good seeds have made for us many good friends.

The Early Cracker Onion.

ONION SETS

CHOICE PHILADELPHIA GROWN SETS.

WE ARE HEADQUARTERS FOR THE EAST.

No crop the farmer puts in the ground is surer to return a profitable crop than a crop of onion sets. If you set good sound sets and give them good soil and good culture, a fairly good crop is assured.

Markets for past two or three years have been good, and in almost every case crop has been a moneymaker.

We can supply onion sets by the quart, peck, bushel or carload and we wish to say that while the quality of our red and yellow sets is strictly fine, small, bright and sound, white sets this year are quite a little discolored owing to wet weather at harvest time; and while we believe that our white sets are as nice as anyone has this season and better than many, we want our customers to know that our white sets will not be as pure white and handsome as usual this year.

Onions—continued.

You Will Find Our Onion Sets of Very Choice Quality.

Prices are net and subject to advance, and in all probability will be much higher. Order early.

CHOICE PHILADELPHIA ONION SETS.

	Per qt.	Per pk.	Per bu.	5 bu. lots
<i>Yellow Onion Sets</i>	\$.15	\$.75	\$2.90	\$2.75
<i>Red Onion Sets</i>15	.75	2.90	2.75

<i>Potato Onion Sets</i>15	.90	3.00	—

(Add 10 cents per quart if sent by mail.)

25 bu. or over at 25c. per bu. less than above prices.

IMPORTANT.

WE FILL ALL ACCEPTED ORDERS.

This fact was appreciated by our customers last spring when we were shipping hundreds of bushels of sets that were worth two or three times our catalogue prices. We can supply sets in any quantity from a pint to a carload of each variety, and have them now in storage both at Orange and New York.

Several of our customers reported yields of 500 to 550 bu. per acre from onion sets we supplied them in 1905.

We grew on our farms last season a crop of onions from onion sets that yielded 640 bushels per acre.

Onion Sets.

Two of the Tools Every Onion Grower Should Own

Universal Onion Drill.

Meeker Smoothing Harrow.

No one who raises one acre or more of onions can afford to be without this tool. It does away entirely with hand-raking the soil. Upon our own farms we would not be without one for three times its cost. Price \$20.50 or 5 per cent. discount for spot cash.

This is the drill used almost exclusively by onion growers in the Southport, Conn., section, and it is needless to say that it is considered the very best drill in use. It sows with great accuracy two rows at a time, 12 or 14 inches apart. Net price, \$7.00.

I have tried the seeds of almost all the prominent dealers and find that yours do well for me every time, and I recommend others to take yours.

H. F., Plymouth, Conn.

Your seeds gave satisfaction the past season.

J. L. BURKE, Syosset, L. I.

PARSLEY.

One of the finest plants for garnishing; used for flavoring soups, stews and salads. Sow as early as possible in Spring in shallow drills fifteen inches apart, raking the soil fine and level on top. Cover the seed one-third of an inch. The plants appear in from two to six weeks. Succeeds in common garden soil.

Champion Moss Curled. The standard market sort. Our stock of this is extra double curled and one of the finest stocks to be had. Used very extensively on Long Island. Price per pkt., 5c.; oz., 10c.; ½ lb., 25c.; lb., 65c.; 5 lbs. at 60c. per lb.

Fern Leaf. Very fine crimped leaves. Price per pkt., 5c.; oz., 10c.; ½ lb., 25c.; lb., 75c.

Plain Leaf. A very hardy variety. Price per pkt., 5c.; oz., 10c.; ½ lb., 25c.; lb., 75c.

Remember we pay freight on orders for \$7.00 or over when cash accompanies order. If you are in a hurry for your goods order from nearest place, New York City or Orange. We can make quick shipments.

PEAS.

✓ Peas — *Gradus* or *Prosperity*.

pea with a pod very nearly as large as *Stratagem* or *Telephone*, and maturing within three or four days as early as *Alaska*, or any of the other round, extra early sorts, and you will get an idea of exactly what this pea is. Price per pkt., 10c.; qt., 40c.; pk., \$2.00; bu., \$7.75; 10 bushels, \$75.00 cash, no discount.

✓ **Thos. Laxton Pea.** The growth of this sort is similar to *Gradus*; pods a trifle darker green, square at the end. Matures two or three days later than *Gradus*. Price per pkt., 10c.; qt., 30c., pk., \$1.75; bu., \$6.00; 10 bushels, \$55.00 cash, no discount.

✓ NEW PEA, AMEER.

A new pea from England, described by the introducers as follows: "A large podded extra early sort, resembling *Alaska*. In general appearance the peas and pod, however, are nearly twice as large as *Alaska*, matures three days later than *Alaska*."

We have received numerous words of praise for *Ameer* and strongly recommend it. A very hardy sort; will stand planting much earlier than most other sorts. Per pkt., 10c.; qt., 35c.; peck, \$1.75; bu., \$6.00.

Jamaica, L. I., Jan. 2d, 1905.

S. D. WOODRUFF & SONS, 82 Dey St., New York.

GENTLEMEN:—

The Southport Yellow Globe Onion seed we purchased of you last Spring produced a crop yielding over eleven hundred bushels of Onions per acre. Book us for 25 lbs. for this Spring sowing.

We were also well pleased with the *Ensign Bagley* Potato from which we harvested and sold four hundred bushels of Potatoes per acre. We shall need fifty barrels for planting this Spring.

Very truly yours,

W. and J. R. VANSICKLEN.

The Van Sicklen Brothers are two of the largest and most successful truckers on Long Island.

All our Peas are grown in the far North, are carefully rogued in the field, are handpicked samples, free from bugs or vermin of any kind.

Remember Woodruff's Seed Potatoes are grown from their own special selected seed and pure and true to name.

Peas—continued.

(Add 15 cents per qt. if sent by mail.)

Barley and peas are also being sown extensively for a fodder crop. Price of barley, \$1.10 per bu.; 5 bu. and over at \$1.00 bu., net price; 2 bu. bags, 20c. each extra.

Northampton, Mass., June 22, 1905.

Gentlemen—I am perfectly satisfied with all the seeds I have had from you and I am more than satisfied with results from Nitro Culture. I put it on an acre of peas and it was the best piece of peas I have had for 12 years. Shall buy more next year.

CHAS. L. SANDERSON.

See Page 1 for prices of Nitro Culture. This bacteria appears to have shown remarkable results in many cases. It is expected much greater results will follow.

PEPPER.

Chinese Giant. This is as name implies a "Giant" among peppers, being twice the size of such well-known sorts as Ruby King and Sweet Mountain. They are very firm and hard and mild, in fact quite sweet. They are commonly 4 to 5 inch in breadth and about the same length. Not as "immensely productive" as some seedmen claim. Pkts., 10c.; oz., 30c.; $\frac{1}{4}$ lb., \$1.20; lb., \$4.00.

PEPPERS.

Pkt. of each variety, 5c.; 10 pkts. for 40c., postpaid.

Sweet Mountain. Grows to large size; shaped somewhat like the Bell, but much larger; much used for pickling. The standard market variety. Per oz., 25c.; $\frac{1}{4}$ lb., 75c.; lb., \$2.50.

Ruby King. Standard market variety, very large fruit and enormous yielder. Oz., 25c.; $\frac{1}{4}$ lb. 75c.; lb., \$2.50.

Large Squash. Per oz., 25c.; $\frac{1}{4}$ lb., 75c.; lb., \$2.50.

Cherry Red. A small round variety. Per oz., 25c.

Small Chill. Best variety for pepper sauce. Per oz., 25c.

Long Red Cayenne. Fruit bright coral red. Per oz., 25c.

N. B. Growers of peppers will do well to try our strain of Sweet Mountain.

Sweet Mountain.

PARSNIPS.

Improved Hollow Crowned.

The Parsnip is one of our specialties. We raise annually a great many hundred pounds and our strain is the smoothest and finest in existence.

Long Smooth or Hollow Crowned. Price per pkt., 5c.; oz., 10c.; $\frac{1}{4}$ lb., 15c.; lb., 50c.; 5 lb. lots at 40c. per lb.

I wish to state that we have had very good luck with the seeds that you sent us. They were good seeds indeed.

Geo. Linzmayer, New Nonmouth, N. J.

I have always been pleased with the seeds I have received from you, and best of all they have proved true to name.

Albert Brown, Canton, Me.

I grew a large crop of potatoes from the one barrel I got from you last spring. I shall want several barrels next spring.

J. L. Wheatley, Federalsburg, Md.

The grass seed I bought from you turned out all right. My new lawn looks elegant.

John S. Critchley, Rowley, Mass.

Remember we handle grass seed by the car load, and it will pay you to drop us a line for prices or send your order. We will always make lowest possible prices on High Grade seed.

POTATOES.

Nothing on the seed list requires more care and attention than the Seed Potatoes. Nothing with the average seedman receives so little. Careful as he may be about other seeds he will buy his stock of seed potatoes where he can get the most for his money and his customers suffer thereby. We have made a study of the seed potato question. We have obtained stock seed of the leading sorts listed below, which are very pure and true. We have storage facilities for 12,000 barrels in Maine. We employ there expert seed potato men to place our seed with the farmers, to receive, care for and ship the crop, and by this careful and well-developed method we are in shape to give your orders for Seed Potatoes prompt and satisfactory attention.

HOW WE HANDLE OUR SEED POTATOES.

First. We use great care in selecting our seed stock.

Second. We place this seed in the hands of careful, experienced growers who grow the entire product for us in Arrostook County, Maine, the home of the seed potato.

Third. We personally inspect the growing crops in the field and dig out any impure or off-type specimens which may have appeared.

Fourth. We receive the seed potatoes from the growers and store them in bins especially constructed to carry them through the winter without danger of frost or heating.

Fifth. We ship them in heater cars from the cold north to our warehouses at New York and Orange, or if your order amounts to a carload, we will ship direct to you and make you a special price besides for so large an order.

Our Seed Potatoes Completely Surround New York City.

To give an adequate idea of the extent to which our Seed Potato business has grown, if we should place the barrel sacks of 165 pounds each containing the seed potatoes we sold in 1905 flat on the ground each end to end the string would be long enough to completely circle New York City, that is Manhattan Island, a distance of about 16 miles.

"There's a Reason." Our customers know when they order their seed potatoes from us that they will get the right stock.

The fact that we sell each season many carloads of our seed potatoes to brother seedmen and dealers in the trade is pretty good proof of our stock being superior.

Not in many years has the potato crop throughout the United States been as short as the 1905 crop, and while the Maine crop is not as large as the banner crop of 1904, the quality was never better, and this year more than ever we anticipate an unusually heavy demand for the "best seed potatoes that grow." We have tried to plan to meet the largely increasing demand by erecting two new large storehouses at our growing points in Maine, which together with our newly leased large warehouse at Queens, Long Island, and our ample facilities both at New York City and Orange will enable us to care for all wants in the best possible manner.

VARIETIES OF SEED POTATOES.

Ensign Bagley. We head the list with this most popular sort. Introduced by us in 1899, this potato is now more sought after than any other early sort wherever it has been tried. So great has been the demand for this sort that we last year planted one hundred acres, and the entire product of this crop will be sold by us to market gardeners for seed in this country, in Canada and in England, during the coming planting season. Prices, lb., 15c.; pk., 50c.; bu., \$1.60; barrel sack, 165 lbs., \$3.50.

Many dealers for the past few years have sold substitutes for this potato as true Ensign Bagley. Buy your seed direct from the originator and insure pure seed.

Potatoes - continued.**WHAT SOME FEW OF OUR CUSTOMERS SAY OF ENSIGN BAGLEY POTATOES.**

The Ensign Bagley Potatoes I bought of you last spring gave good satisfaction, all you claim for them and more, both in yield and quality; have always found your seeds reliable.

S. G. YOUNG, Voluntown, Conn.

The Bagley potatoes purchased of you in 1901 and 1902 yielded very good and I am well satisfied with my crop both years.

L. E. LINDEMAN, Woodstock, Conn.

I will say your Ensign Bagley potato was fine, the best I have ever had, and Admiral Foote are fine also.

W. M. EMERSON, Concord, N. H.

The Bagley potatoes have been fine. None are earlier around here.

A. H. JOURDAN, Grafton, Mass.

I am very well satisfied with your seeds. Shall buy more extensively next year. I think very high of your Bagley and Foote potatoes.

J. F. CROWELL.

England, Nov., 1, 1905.

S. D. Woodruff & Sons,

82 Dey Street, New York.

Gentlemen:—Notwithstanding the unusual interest taken in varieties of seed potatoes throughout Great Britain during past two or three years and the extreme prices paid for new varieties, we have to say that the Ensign Bagley we have received from you for past two years has taken a deserving place at the top as one of the heavy yielding pure white sorts of splendid quality, the quality being a particular point in this country.

ADMIRAL FOOTE POTATO.

Admiral Foote Potato is a very desirable second early sort, color of Hebron, shape of Bell Rose. Very prolific and of superior quality. Price, lb., postpaid, 15c.; peck, 50c.; bu., \$1.60; bbl. sack 165 lbs., \$3.50; 10 bbls., \$33.00.

IRISH COBBLER POTATO.

The wonderful popularity of this potato is due to its white color, round shape, immense productiveness, superior quality. Can anything more be added to make a perfect potato.

Take warning. Place your order for Irish Cobblers before it is too late to secure the pure stock.

Price, pk., 50c.; bu., \$1.60; bbl. sack 165 lbs., \$3.50.

We have already at this writing, Dec. 5, 1905, advance orders booked for several carloads each Irish Cobbler and Ensign Bagley, and have already exported to England quantities of Ensign Bagley.

Potatoes—continued.

Following general list of pure Maine seed potatoes we offer F. O. B. at nearest point, viz., New York City, Queens, Long Island, Orange, Conn., or at growing point Aroostook Co., Maine. All Canadian shipments are shipped from growing point Maine.

Write for prices of any sort not above listed.

Paris Green. Strictly pure, 20c. lb.; 10 lbs. and over at 18c.; 50 lbs. or more @ 16c. per lb.

IMPORTANT.

We are glad to quote special prices on large lots of seed potatoes. Frequently we are able to make a close price on a carload of potatoes to go to one section. Shall be glad to have our customers write us for prices.

PUMPKINS.

(Add 8 cents per lb. if sent by mail.)

Large Cheese. Sweet and well flavored. Pkt., 5c.; oz., 10c.; $\frac{1}{4}$ lb., 15c.; lb., 40c.

Winter Crookneck. Old standard sort, good keeper. Pkt., 5c.; oz., 10c.; $\frac{1}{4}$ lb., 15c.; lb., 40c.

Connecticut Field. The common large yellow pumpkin, excellent for stock; very heavy cropper. Price per oz., 5c.; $\frac{1}{4}$ lb., 10c.; lb., 30c.; qt., 20c.; bu., \$3.00.

Tennessee Sweet Potato. Medium size, pear shaped. Pkt., 5c.; oz., 10c.; $\frac{1}{4}$ lb., 20c.; lb., 60c.

King of the Mammoth or Genuine Mammoth. This is the largest of all pumpkins, growing to an immense size, three feet or more in diameter, and weighing from 100 to 200 or more pounds. Pkts., 5c.; oz., 10c.; $\frac{1}{4}$ lb., 25c.; lb., 75c.

Small Sugar. A very prolific golden colored sort, averaging about 10 inches in diameter. Pkt. 5c.; oz., 10c.; $\frac{1}{4}$ lb., 15c.; lb., 50c.

All of my seeds gave good results; the parsnip seed was very fine, corn very good.

J. R. C., Wallingford, Conn.

Last spring I bought of you one packet Mammoth Pumpkin seed and it was very late when I planted them. From ONE VINE I got five pumpkins that weighed as follows, 37, 53, 55, 61, 84, total weight from the one vine of 290 lbs. No special care or fertilizer. Three of the largest are now in my cellar.

F. H. King, Barkhemsted, Ct., Nov. 21, 1904.

Why not include in your order sufficient Paris Green for your needs. Note Low Prices,

RADISH.

No vegetable can be produced with as little care as the radish. Started in the house in small boxes or in a small hotbed they are soon ready for use. They may be sown in open ground very early in the spring.

Forcing Varieties.

(Add 8 cents per lb. if sent by mail.)

Vick's Scarlet Globe. Per pkt., 5c.; oz., 10c.; $\frac{1}{4}$ lb., 20c.; lb., 50c.

I can recommend Woodruff's seeds. I send you the names of a few of my friends who would like your catalogue. W. J. R., Jamaica, N. Y.

SALSIFY OR OYSTER PLANT.

Sandwich Island Mammoth Salsify.

Mammoth Sandwich Island. This variety originated in the Sandwich Islands; of enormous size, more than double the size of the ordinary kind. Roots grow long, large, smooth and white, and of exceedingly tender quality. Price per pkt., 5c.; oz., 15c.; $\frac{1}{4}$ lb., 30c.; lb., \$1.00.

All our Radishes are best French grown. Seed grown in France, produces smallest top and quickest growing radishes. Try our unexcelled strains.

SPINACH.

We are headquarters on Spinach Seed, and supply annually the most critical of customers. Buying as we do in such large quantities we are enabled to sell at correspondingly low figures.

We offer the following standard varieties, all of very best stocks, at the following uniform prices: per oz., 5c.; $\frac{1}{4}$ lb., 10c.; lb., 30c.; 10 lb. lots at 20c.; 50 lb. lots and over at 14c. lb.

Norfolk Savoy-Leaved.

American Grown Bloomsdale Savoy. To supply the demand for new crop spinach seed for sowing same year seed is grown, we have this variety grown in America as well as abroad. We offer the new crop seed early for shipment Aug. 15 to 20, lb., 25c.; 10 lbs. @ 18c.; 100 lbs. @ 14c.; 1000 lbs. @ 13c. lb.

(Add 8 cents per lb. if sent by mail.)

All following best imported stocks.

Round Thick Leaf. One of the very best for early Spring and Fall sowing.

Norfolk Savoy-Leaved. (Bloomsdale). Curled and wrinkled like a savoy cabbage. (Imported seed).

Giant or Monstrous Viroflay. Leaves very large.

Long Standing. Does not run to seed as quickly as some of the other varieties.

New Victoria. A new, very long standing sort.

SQUASH.

Pkts. each sort, 5c.

Ounces each sort, 10c.

Summer Crookneck. Standard Summer sort; $\frac{1}{4}$ lb., 20c.; lb., 60c.

SUNFLOWER.

Yankee ingenuity has led some to utilize the tall sunflower stalks for bean poles. Excellent also for parrot food.

Mammoth Russian or Large Grey Seeded. Price per pkt, 5c.; qt, 15c.; pk, 60c.; bu., \$2.00.

Your stock of Hubbard Squash beats the world. From one acre I grew 390 barrels of the finest and truest specimens I ever saw.

Dec. 2, 1904.

W. L. TIBBETTS, Queens County, N. Y.

Our stocks of Hubbard and Warted Hubbard Squashes are exceedingly pure and uniform in type. Remember we pay the freight. See page 1.

TOMATOES.

New Earlibell Tomato.

Earlibell Tomato. We have in this a brand new extra early sort that we are sure when known will surpass in popularity and demand the Earliana. It is an extra early sort the fruits of which are larger and smoother than Earliana and a marked advantage over that popular sort is that it will continue bearing much longer than Earliana, the plants remaining green. We most heartily recommend all who want the finest extra early sort yet introduced to try it. The illustration shown is a reproduction from photograph. Pkt., 10c.; oz., 50c.; $\frac{1}{4}$ lb., \$1.50; lb., \$5.50. Supply of seed very, very limited.

Spark's Earliana. This has again demonstrated the claim that it is without doubt the very best of the earliest bright red sorts. It is an immense cropper and fairly good quality. Pkt., 10c.; oz., 30c.; $\frac{1}{4}$ lb., \$1.00; lb., \$3.50.

Chalk's Early Jewel. Within one week as extremely early as the famous Spark's Earliana, the fruits are uniformly larger, thicker through, more solid, and of finer quality. The plants are immensely productive; it is one of the most profitable tomatoes to grow for main crop. Price same as Spark's Earliana.

Livingstone New Globe. A new globular shaped solid sort. Pkt., 10c.; oz., 40c.; $\frac{1}{4}$ lb., \$1.25.

Liberal pkts. 5c each; 20c. per oz., of all following varieties.

	Per $\frac{1}{4}$ lb.	Per lb.		Per $\frac{1}{4}$ lb.	Per lb.

PICKLING VARIETIES OF TOMATOES.

Yellow Plum, Red Plum, Yellow Cherry, Red Cherry. Prices of each per pkt., 5c.; oz., 30c.

Dear Sirs:—From $\frac{1}{2}$ lb. of New Stone Tomato purchased of you this season I made a profit of over \$500. Book me for 1 lb. for next season and give me the same strain of seed.

Queens Co., L. I., Dec. 1, '05.

John J. Wagner, Jr.

Seymour, Ct., Nov. 25, 1905.

From 1 acre and 3 rods of ground sowed with your Long Island Ruta Baga turnip seed in drills, I harvested 1200 bu. turnips. The only fertilizer I used was $\frac{1}{2}$ ton Woodruff's Home Mixture that cost me \$14.00 Not a forkful of stable manure. This is what I call a satisfactory crop. I sold all but 100 bu. of them @ 50c per bu. Those I fed out as they were too large for market.

JAMES BRENNAN.

TURNIPS.

(Add 8 cents per lb. if sent by mail.)

The turnip is so commonly cultivated and so widely known that we will not describe in detail the several varieties. We produce nearly all our own turnip seed, and can vouch for its purity and trueness of stock.

All varieties 5c. per oz.; 15c. per $\frac{1}{4}$ lb.

SWEET, POT AND MEDICINAL HERBS.

Every garden should have its complement of Sweet Herbs. We can all appreciate their utility, both for summer flavoring and their opportune use medicinally. Their culture is so easy that none ought to be without them. Sow the seed in pan or seed bed in early spring, transplant as soon as weather will permit. Cut them when not quite in

full bloom and hang in shady places to dry. Pack away in box entirely excluded from the air.

BUCKWHEAT.

JAPANESE. Large grained, immense yielder. Per bu., \$1.15.
 5 bu. or over, \$1.05 per bu.

JAPANESE BARNYARD MILLET.

(*Panicum Crus Galli*.)

This wonderful and valuable new forage plant was introduced in this country by Prof. Brooks of the Massachusetts Agricultural Experiment Station. It has proven an enormous yielder in all sections of the United States where tried—hay and fodder of the most excellent quality growing on any soil, yielding 12 to 20 tons per acre, and growing 5 to 8 feet in height. Cattle and horses eat it greedily. Sow in May and June broadcast, 10 to 12 pounds per acre, or in drills, 8 lbs. per acre. Prices, lb., 15c.; (by mail, postpaid, lb., 25c.;) 10 lbs., \$1.00; bu. of 32 lbs., \$1.80 by freight or express.

LAWN GRASS MIXTURE.

Our Lawn Mixture is composed of the finest re-cleaned grass seeds (not of the cheap, light chaff, weighing but 15 lbs. per measured bushel as put up by most seedmen.) Our Lawn Grass Seed weighs about 20 lbs. per measured bushel.

THE QUANTITY REQUIRED.

The quantity required for making new lawns is 4 bushels per acre, or for renovating old lawns, 1 to 2 bushels. For a plot 15 x 20, or 300 square feet, 1 quart is required for new, or 1 pint for renovating old lawns.

Prices, 20c. per qt., 90c. per pk., \$3.75 per bu. (If by mail, add at the rate 5c. per quart for postage.)

Grafting Wax. Price per ¼ lb., 10c.; ½ lb., 15c.; 1 lb., 25c.

BARLEY. BARLEY. BARLEY.

We are headquarters on Barley. For sowing for a forage crop is being used very extensively. The early frosts do not kill it and it can be pastured clear into the winter. If cut in September it makes good hay. Price per bu., \$1.10; 5 bu. lots at \$1.00 per bu.

White Canada Field Peas in 5 bu. lots @ \$1.50 per bu.

Prices on all of above Field Seeds, Millets, etc., are subject to market fluctuations, and net cash, no discounts.

Write us for prices on all kinds of grass seeds. Can give you best varieties at lowest market prices.

Lincoln Oats.

Trees are 5 to 7 feet and first-class. Price, 25c. each; \$16.00 per 100.

PARIS GREEN.

Strictly pure; per lb., 20c.; ten lbs. and over, 18c.; 50 lbs. and over at 16c. lb.

BORDEAUX MIXTURE.

(In liquid form) for black rot, mildew or blight.

The great increase in blight on Cucumber, Tomato, Potato, Celery, etc., during past few seasons makes it necessary to apply to these crops the well-known preventive Bordeaux Mixture, and since it is somewhat troublesome for the farmer to properly mix the formula we offer Blanchard's Bordeaux Mixture. One gallon of the mixture placed in 49 gallons of water will spray two to three acres of potatoes, etc., if applied with any of the modern spraying carts. Great profit must result in a careful use of this mixture on all crops afflicted by blight.

PRICES: 1 qt. can, 45c.; 1 gal. can. \$1.25; 1 doz. 1 gal. cans in case, per case, \$9.00; 3 doz. 1 qt. cans in case, per case, \$10.50; 10 gal. cans in case, per case, \$6 25; barrel, containing 50 gal, 60c. per gal.

Write us for prices on nursery stock of any variety not listed. We can make very low prices on best stock. Have you tried Nitro Culture, the new bacteria fertilizer. See inside front cover.

Woodruff's Home Mixed Fertilizers.

Each year finds more and more progressive farmers buying Home Mixed Fertilizers because each year more farmers learn that in no other way can they obtain the greatest amount of plant food for the least money.

We have mixed our own fertilizer for use on our extensive seed farms for the past seven seasons and cannot too strongly recommend this method of buying fertilizers.

The successful results we have obtained from using Woodruff's Home Mixture on our own farms has induced us to offer these goods at a reasonable price, either mixed for use or unmixed, to the dozens of our customers who quickly see the extra value offered.

The fertilizer we offer is in every respect the same as we use on our own extensive seed farms, is made from strictly high-grade chemicals and mixed by ourselves. We buy these chemicals in 50 to 100 ton lots for spot cash, and by so doing we are enabled to sell a strictly high-grade fertilizer at a much lower price than the same quality can be purchased from manufacturers of ready mixed fertilizers.

We call Special Attention to 1904 report of Conn. Agricultural Experiment Station, Page 50, Sample No. 11736; also page 64, Sample No. 11569.

The 1905 report of Fertilizers up to this writing, Dec. 20, 1905, has not been issued.

Copies of this report will be mailed free, on request, by addressing the Conn. Agricultural Experiment Station, New Haven, Conn.

These analyses speak for themselves, and we are greatly pleased to note that with a single exception these are the only two samples out of a total of 95 nitrogenous superphosphates analyzed by the station whose valuation exceeds the cost.

These results to the intelligent and careful planter speak in most convincing terms.

The actual analysis exceeded our guaranteed formula in both cases by a wide margin.

We shall continue to make the same high-grade formula, endeavoring as in the past to have our goods prove better than our guarantee.

We offer the following formula:

Ammonia,	4%	Spot cash price
Available Phos. Acid,	8%	\$27.00 per ton,
Potash,	8%	F. O. B., Orange, Ct.

The fertilizer is put up in sound second-hand bags and put F. O. B. cars, Orange, Conn. We can also quote chemicals in any quantity to anyone desiring to mix their own goods.

If you compare this formula at this price with any standard goods, you will be able to judge of the great saving in price by using our Home Mixture. A trial order will convince you that you cannot afford to be without this money saver.

HOT-BED SASH. Standard size 3x6 feet. Price \$2.35 each; in lots of ten or more at \$2.30 each; fully glazed. Hot-Bed Sash, unglazed and unpainted, 95c. each. In lots of ten or over, we will deliver, freight paid, to any R. R. station in Connecticut or Massachusetts.

PALMER'S FROST-PROOF HOT-BED MATS.

Made for winter covering of hot-beds, cold frames, plants and seeds of all kinds.

INDESTRUCTIBLE, CHEAP AND WARM. Will not harbor mice or vermin. Easily handled. Dry out quickly after rain. Have now been in practical use for five years. Cost less than old-fashioned straw mats and entirely take their place.

MADE IN FOLLOWING GRADES;

No. 1—**Burlap Cloth.** Filled with combination wool and quilted; seams 3 inches apart and edges firmly bound. Size 40 x 76 inches, 75 cents each; 76 x 76 inches, \$1.00. Made any length, 76

Palmer's Hot-Bed Mats, inches wide, 15 cents per running foot.
